

Using the interactive directory patrons can search for and receive turn by turn directions to any destination or building. All directions are generated using the built-in Smart Pathway Algorithm. Events, Class Schedules and other Calendar Listings can be integrated for wayfinding. From us, you will receive one-flat-cost that includes everything! You will not have to use a complicated software or CMS platform, deal with content creation, set-up, configuration or installation. We will handle that for you. You can edit and update all text, images and other media remotely from your iPhone, tablet or laptop anytime, anywhere.

Content Design Guarantee

Our team of designers will create all of the maps, touchscreen buttons, content, advertisements, motion graphics and other media as per your branding requirements. When creating your content, we will follow a 4 Phase Proof and Revision process that requires your review and sign off. This comprehensive process leaves you with complete control, outstanding service and a solution you are proud of!
