OUR SOLUTIONS DO MORE

“ We create industry-altering digital signage solutions that are practical and efficient. Every system we create is custom designed to match your organization’s requirements ”

How do our turnkey digital signage solutions serve customer needs?

The Veterans Affairs Medical Center Wayfinding & Information Center

The VA Hospital in Palo Alto, CA uses the Waytouch Premier™ for its entire Hospital Wayfinding Digital Signage solution. To accomplish this, they choose to feature on the home screen a touchscreen searchable 3D Map Directory with 360 Degree Panorama Destination Images.

They choose to display five touchscreen feature buttons:

1. 3D Wayfinding Map with Searchable Directory
2. Events Schedule
3. Local Transit Information
4. Contact Us
5. History

HARCSH Investment Properties Interactive Directory & Information Center

HARCSH Investment Properties uses the Waytouch Premier™ as an All-In-One touchscreen lobby assist. For the home screen, it uses a series of beautiful rotating image background with a live news feed streaming on the bottom.

They choose to display six touchscreen feature buttons:

1. About Us
2. Digital Directory with Wayfinding
3. Local Amenities
4. Company News
5. Interactive Media Gallery
6. Local Transit Information

TOYOTA Interactive Product Discovery & Promotion

Toyota uses the TouchPlus+™ to engage with their customers. They choose to feature a series of beautiful interactive media galleries that consists of current car models, specs, and short videos. To up-sell their services, they added an Interactive Website Widget, which when clicked takes the user to the “Parts & Service” section of their website.

They choose to display four touchscreen feature buttons:

1. Interactive Product Gallery
2. Interactive Image Gallery
3. Interactive Video Gallery
4. Interactive Website Widget

How do our turnkey digital signage solutions serve customer needs?

EMBASSY SUITES HOTEL Event & Meeting Room Digital Signage

Embassy Suites hotel situated next to Newark Airport utilizes AdSlide™ for event management and notifications. The solution is seamlessly integrated with their SalesPro system, enabling them to provide latest meeting information automatically.

They choose to display for four features:

1. Public Announcements
2. Streaming News and Sports Feed
3. Weather Widgets
4. Live Event Listing

EINSTEIN HEALTHCARE Digital Signage for Communications

Einstein Healthcare has been a well-known community establishment for over 100 years with about 1,200 physicians and over 85,000 employees. They choose to use AdSlide™ systems in eight facilities across the Northeast to improve employee communications. Einstein benefits from the easy control of AdSlide™ Easy Updates Content Manager.

They choose to display for four features:

1. Media Gallery
2. Live Events Listing
3. Emergency Notifications
4. Staff Communications

THE CITY NATIONAL CIVIC Digital Menu Boards

The City National Civic in Downtown San Jose is a venue for concerts, shows, and convention events. As part of their 15 Million Historic Renovation, they selected to use AdSlide™ for their Menu Board solution. The system displays a complete food menu, drink specials and advertisements to over 20 locations and has been recently expanded to its sister theater, San Jose Center for the Performing Arts.
