## THE HILTON Garden Inn

If the TouchPlus+™ looks SO MUCH BETTER than other companies we have used. I am so excited about finishing this up and moving on to our next 2 hotels with you. We will use your solutions again for the Hilton Garden Inn in Palo Alto CA opening later this year. »

•• The slick modern design of the TouchPlus+™ has never failed to impress our guests. We have had many compliments about the kiosk in our lobby. The information is very helpful to those guests who are looking for that meeting, looking for that flight information or just looking for somewhere to eat. It is extremely guest friendly. - Sandra S.

In the Waytouch Premier<sup>™</sup> was the most intuitive, logical and cost effective solution for us. We are able to manage scheduling, programming and live feeds efficiently and effectively. The digital signs that replaced the old static vinyl posters create a "wow" factor that truly allows our patrons to take notice.
