To edit a content zone, simply make an update to the proper column featured in the Google Drive Spreadsheet we set up for you.

The numbers 1-6 in the example represent the media zones that are connected to the Cloud-based Google Drive Spreadsheet.

You won't have to handle technical configurations

Our software will auto-resize the media files you uploaded, so the file properly fit the zone. All text edits are auto-optimized to match the font size, color and style of existing content. All edits you make are wirelessly sent to the display within 60 seconds

You can use the file formats you are familiar with already

- 🔊 Audio formats (.MP3)
- 📊 Excel (.XLS and .XLSX)
- 🎥 Video files (.MP4)
- 🖼️ Image files (.JPEG, .PNG)
- 📄 PowerPoint (.PPT and .PPTX)
- 📄 XML feeds (.XPS)

Specifications
